

Announcement

Contributed by Romano Krauth

FreeeBay is dedicated to gift economy on the Internet. Apart from connecting people to give and get for free, our web site also serves as a library of useful contributions about anarchism, gift economy, and the Internet.

Please register to the site and post items you would like to give away, or items you would like to be given, in the Gift Section of the Forum.

Thank you for including a photo of your gift, and tell us a story if you wish.
